

Full-time and Part-time positions available at our newest Thompson's Point market! Doors opening August 2021. Come join our inaugural team as we settle into the lively campus this summer.

This unique location will feature a grab-and-go style market that occupies one half of the space, offering a healthy lunch option for families visiting the Children's Museum and Theatre of Maine, as well as a robust wine bottle selection and concert/picnic fixings. The other half of the space is home to our newest endeavor: a full-service wine bar showcasing Rosemont's robust and intentionally curated wine program and seasonally driven food menu.

Rosemont Market and Bakery is an award-winning, independently owned business unlike any other. We are dedicated to cultivating community through local food – with our 8 stores, and central Portland headquarters (production/warehouse facility), we are focused on connecting our community with the very best local foods that Maine has to offer.

The current openings are for:
